Planning Enforcement Update

- (44) Council noted Mark Turner, MVDC Development Management Manager had recently advised Council that in the absence of a planning enforcement enquiry being submitted to MVDC by an individual complainant, it is his considered view that MVDC is unlikely to consider it expedient for MVDC to take any action in response to an enquiry submitted by a Parish Council. **Action:** All, if approached by a resident, to advise they need to explain to MVDC how they feel they are being impacted by what they see as a planning enforcement issue to ensure MVDC is able to make an assessment of impact and expedience and reach a fully informed decision.

Planning Policy

- (45) Council considered The Ministry for Housing, Communities and Local Government (MHCLG) consultation into electronic communications infrastructure which proposes amendments to the General Permitted Development Order for electronic communications development, to support the deployment of 5G and extend mobile coverage and the accompanying statement issued by NALC. Council **resolved** to write a letter of support for NALC's stated position. **Action:** Cllr Jones, subject to providing Cllrs an opportunity to review a draft response, to arrange for its submission to NALC.

10. Highways, Airports, Rights of Way

Highways

- (46) The Chairman invited SCC Cllr Clack to advise what steps Council might sensibly take to increase the chance of the A25 footways being resurfaced. SCC Cllr Clack:
- (i) expressed her wish to assure Council she continues to ask for resurfacing of the A25 footways to be prioritised;
 - (ii) informed Council that SCC Highways has advised her that given a 40mph speed limit applies to the A25, the cost of traffic management requirements would likely exceed the cost of the resurfacing work and use up a "disproportionate amount of the available budget";
 - (iii) acknowledged the limited patching is falling short of local expectation; and
 - (iv) suggested Council continue to ask questions and to encourage broad support for the footways to be resurfaced.

Actions: Clerk to arrange for questions to be submitted to SCC. All to encourage users of the footways to submit reports to SCC Highways and to spread the word beyond the parish.

- (47) Council **resolved** to record a vote of thanks to Piers Mason, MVDC Head of Planning, for extracting the following explanation from SCC Highways with respect to the increased use of the A25 Reigate Road as the “SCC chosen diversion route” when Highways England undertakes work on the M25:

“SCC and Highways have pre-agreed ‘Emergency’ diversion routes for the M25. These routes have been established several years ago and are utilised in cases of full motorway emergency closure. (No diversion routes are used for Motorway Lane closures – only full directional closures.)

These routes are also usually used for planned works as we know that the Surrey roads in question are suitable for all diverted motorway traffic. Whilst there is no J8-J9 emergency diversion route there is a J8-J10 route (and reverse) ; A217 (north), A240, A24, A3.

However there is a ‘low’ bridge on the A3 at Tolworth (4.6m) on the Transport for London (TfL) Road Network on this diversion route and recently TfL have been expressing concerns to Highways England about use of this diversion route due to concerns over high sided vehicles being diverted onto this route. (such Larger vehicles have become more prevalent over recent years).

This may explain why the alternate diversion route J8-J9 (A217 (south), A25, A24, A243 has been used more recently for planned motorway diversions. This route is legally suitable for all diverted motorway traffic (i.e. there is no height or weight restrictions along the route which prevent it’s use for all motorway vehicles) and as such Surrey Officers have agreed to its use.

However Surrey Officers recognise the concerns raised by the residents of Buckland and will continue to work with both Highways England and TfL with a view to utilising the formally pre-agreed J8-J10 route whenever possible for planned motorway closures/diversions.” **Action:** Clerk to refer to this explanation in a parish update and emphasise to residents the need for anyone who feels adversely impacted by night time noise to express their concern to their SCC Cllr.

- (48) Council noted that SCC Highways, responding to Council’s request for consideration to be given to implementing measures to mitigate the noise disturbance reported by residents living alongside the A25 Reigate Road, had advised “*SCC Highways does not have the resources available to install temporary speed cameras on the A25 during times when Highways England close the M25 and we do not have powers to install temporary speed limits whilst the A25 acts as the diversion route for these works*”. **Action:** Clerk to continue to proactively explore options that might be expected, if adopted, to mitigate night time noise of this nature.

- (49) Council noted:

- (i) the solar powered vehicle activated sign (VAS), previously located a short distance to the east of the Shell garage had been removed;
- (ii) SCC Highways had since advised the unit was removed as it had been judged “beyond economic repair” and there was no budget available to fund a replacement;
- (iii) SCC Highways had shared its view, based upon the performance of the solar powered unit that despite the improvement in technology since the unit was installed, any replacement VAS would need to be mains powered;
- (iv) Responding to an SCC Highways offer to investigate costs for a replacement VAS, the Clerk had suggested any effort be deferred pending the outcome of the SCC Highways traffic survey due to be undertaken Autumn 2021 that SCC Highways hopes will allow the speed limit between Betchworth roundabout and the village boundary to be reduced to 40mph. Council **resolved** to minute its support for the Clerk’s suggestion.

- (50) Council noted SCC Highways, responding to enquiries from Council, had advised:
- (i) the removal of trees from the A25 roadside verges had reflected priorities established by monitoring tree health, and, in particular, looking for symptoms of ash die back;
 - (ii) SCC appointed contractors had restricted tree works to within the extent of the publicly maintained highway;
 - (iii) the health of fresh growth from the stumps will be monitored;
 - (iv) neither the SCC appointed specialist undertaking 3 yearly inspections nor the highway safety team, who complete annual checks, have raised concerns about any other overhanging trees or low branches along the A25 through Buckland;
 - (v) residents with residual concerns should submit a report to SCC; and
 - (vi) SCC contractors had been instructed to repair damage their vehicles had caused to the A25 roadside verges.

- (51) Council noted:
- (i) Surrey ALC had circulated an update from the SCC Environment Directorate that had advised SCC is working with the District and Borough Councils to prepare a bid to secure funding from the recently launched DEFRA Treescapes fund;
 - (ii) the SCC Environment Directorate update had stated the timeline they were working to would be too tight for consultation to be undertaken with parish councils or community groups;
 - (iii) SCC Cllr Clack had advised SCC leader Tim Oliver had recently pledged SCC will plant a tree to replace every tree felled under the ash die back programme of works and offered to submit a request for replacement trees to the SCC team preparing the bid;
 - (iv) the Clerk, having first consulted with Buckland Estate, had submitted a request to SCC Cllr Clack for :
 - (v) 50 trees to be planted between the eastern boundary of the Shell garage and the entrance to Shepherds Walk and 12 trees between Rectory Lane and Lawrence Lane; one for each of the stumps that had been surveyed by Cllr Pryor; and
 - (vi) asked for a mix of evergreen and deciduous trees to be planted ideally comprising a mixed planting of at least six different species with a preference for the mix to include Field Maple, Wild Cherry, Holly and Spindle to enrich the support for a greater diversity of wildlife;

and **resolved** to minute Council's support for the request sent to SCC Cllr Clack.

- (52) Council noted:
- (i) Surrey ALC had circulated details of an investment of £100,000 by Surrey Police through the Drive SMART Surrey Safer Roads Partnership to implement lower speed limits in rural areas to the west of the A24 and south of the A25;
 - (ii) the announcement had explained SCC Highways had been awarded £39,840 from The Road Safety Trust to evaluate the impact of the speed limit reductions already in place and then evaluate the new reductions on a proactive strategic area-wide basis across the Surrey Hills towards Guildford;

- (iii) SCC Cllr Clack had since advised the scheme is designed to complement the 40mph limits that already apply with the area to the east of the A24 and south of the A25 (known as the Dorking Rural Box);
 - (iv) SCC Cllr Clack had acknowledged the scope of this project does not include any minor roads in rural areas to the north of the A25 on which the National Speed limit of 60mph currently applies;
 - (v) Responding to a request from SCC Cllr Clack, the Clerk had advised, based upon current road signage, Buckland's excluded roads are Lawrence Lane, Rectory Lane and Tranquil Dale.
- (53) Council noted Amey had returned in March to complete the sweep around all the traffic islands on the A25 through Buckland, that more frequent visits from the road sweeper had started to raise standards and that a recent visit had cleared a build-up of earth and vegetation from the base of the retaining walls through the centre of the village. **Action:** All to emphasise to residents that street cleaning is a reactive service that relies on residents submitting requests to determine priorities.

Airports

- (54) Council noted Cllr Cox and the Clerk had attended a GACC virtual briefing, Cllr Cox had prepared an update for Councillors, and that Council's response to part two of the Department for Transport consultation on "Night flight restrictions", that draws on and broadly reflects the GACC researched response, will be submitted shortly after the meeting.
- (55) Council **resolved** to approve Cllr Cox's recommendation for Council to renew its membership of GACC upon receipt of the renewal paperwork. **Action:** Clerk.

Rights of way

- (56) Council noted:
- (i) when the Clerk had met Mary-Ann Edwards (MAE), SCC Rights of Way Officer for Mole Valley, pursuant to progressing a method statement to improve a section of FP475, at the western entrance of the field known as Jubilee Field, that a surfacing solution had been suggested as an alternative to the initially proposed "steps" solution;
 - (ii) MAE had expressed a preference to use SCC contractors to complete the work and committed to come back as soon as she has more details available with respect to materials and costs; and
 - (iii) matched funding for the improvement is currently held in a specific reserve.
- Action:** Clerk to continue to work proactively with MAE and Buckland Estate to deliver this amenity improvement.
- (57) Council noted SCC appointed contractors had recently completed repairs to Jacobs Ladder steps (FP466 Greensand Way) and steps onto FP474A from A25 Reigate Road verge. **Action:** All to encourage users of the rights of way to continue to report any concerns to SCC.

11. Events, Amenities and Communications

- (58) Council noted 23 residents had attended the recent Annual Parish Meeting and that draft minutes will be published shortly after the May elections.

Village Pond and Green

- (59) Council **resolved** to record a vote of thanks to Simon Elson for providing an update on this year's review of the Pond and Green Management Plan to the recent Annual Parish Meeting and for taking the time to respond to queries, comments and suggestions from parishioners.

- (60) Council, having considered the dates proposed for volunteer activity **resolved** to accept the offer from the Reigate Area Conservation Volunteers to lead events on Sunday 15th August 2021, Tuesday 24th August 2021 and Sunday 26th September 2021, all to commence at 10am. **Action:** Cllr Horden to lead a recruitment drive for volunteers.
- (61) Council **resolved** to defer any further consideration relating to the pond pending circulation of the draft plan being prepared for the five-year period 2021-2026 which it was understood would shortly be available. **Action:** All to provide feedback to the Clerk as soon as practicable upon receipt of the draft report.
- (62) Council **resolved** to approve a proposal to purchase additional posts (to the same specification as the most recent purchase) and to authorise the Clerk to make arrangements to take timely action to install posts, as required, to reduce the risk of further vehicular damage to grassed areas. **Action:** Clerk.
- (63) Surrey ALC had highlighted the Department for Culture, Media and Sport (DCMS) had recently launched a consultation into improving broadband connectivity to very hard to reach places. Council **resolved** to publicise the consultation to residents via the village website and parish magazine. **Action:** Clerk.
- (64) The crime report provided by Surrey Police had advised one crime, a neighbour dispute, had been recorded in Buckland since 8th March 2021. A further nine incidents were recorded: four reports of anti-social behaviour and individual recordings of suspicious circumstances, a road offence, a police stop, a pet/animal conflict, and a wildlife incident.
- (65) Council noted that a Freedom of Information Request, dated 15th April 2021, had asked questions related to Littering and Fly Tipping. Council **resolved** to ratify the “nil response” issued that had pointed out the questions needed to be directed to MVDC as the authority responsible for Street Cleaning in Mole Valley.
- (66) Council noted that updates issued by the NALC, Surrey ALC, SCC, Surrey Heartlands Health and Care Partnership, MVDC, Surrey Hills Society, GACC, Gatwick Airport, Surrey Police and Came and Company had been circulated to Cllrs and key information published within Parish Updates.
